SOLUTION HIGHLIGHTS

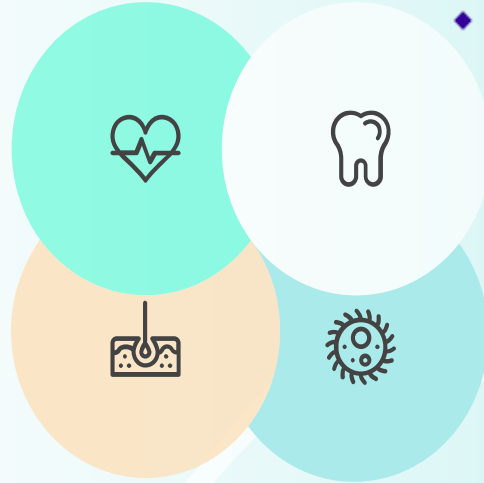

◆ IMPROVE FUNCTIONING

Our Dental Software was designed to 'unify and subsequently nullify' all the grey areas in administrative practices and synchronize Hospital and Patient Management with ease.

◆ DIGITAL MEDICAL RECORDS

To save paper and avoid loss of paper records; this software tracks everything digitally. Digital Medical Records are the new ways to beat the challenges in Healthcare Industry.

The Gemini is committed to serving the best possible Healthcare IT Solutions to improve patient's experience on the whole. Our Software is easy to use and maintenance-free. We can customize and design software depending on individual requirements.

◆ TREATMENT AND REVENUE MONITORING

Category wise patient treatment can be easily tracked down with prescription and admissions details. Not just this, step-by-step treatment can be monitored via user id or registered contact for bill generation.

◆ DEPARTMENTAL REFERRAL TRACKING

Dental Office Management Software efficiently streamlines the New and Existing Patients to streamline sharing patient records in relevant departments.
